	1-5 RATING	ADJECTIVES	COMMENTS
<b>Neighborhood</b>			
1. flavour	3	quiet touristy	This little shady sidestreet tends to stay relatively anonymous (relatively) in comparison to the throngs on La Rambla only a two-step away.
2. bars	3	everywhere	So close to La Rambla and in the Barrio, one can find what you like just by walking around a bit.
3. discos	3	(see bars)	
<b>Quality of Service</b>			
1. speed	4	good	Nice and accomodating, quick to take the order.

	<b>2. smiles</b>	<b>4</b>	<b>friendly fun</b>	Many English speakers, in fact majority, very happy to speak in the language you like, good for conversation.
<b>Quality of Food</b>	<b>1. type of cuisine</b>	<b>4</b>	<b>good selection vegetarian</b>	The menu del dia is very reasonable and interesting. There are sandwiches and salads, a good variety of vegi dishes that are quite hearty. The colours are loud and the atmosphere has a hippie artsy thing going on that fits right in. A fun little place though do go inside to the dining room in back, the writing on the ceiling says RESTAURANT, not RESTROOMS. Go see if that confuses you as well. Nothing special about the desserts though I only had the opportunity to try one. Couldn't help but have more juice! WOW, have some juice!
	<b>2. style v substance</b>	<b>4</b>	<b>flowers in your hair</b>

	<b>3. music</b>	<b>4</b>	<b>staff choice</b>	
	<b>4. lighting</b>	<b>3</b>	<b>normal</b>	

5. romance factor	3	for kicks	The bar is a fun place to sit around, the dining room actually has a shady appeal to it.
