

2. style v substance	3	draw	The style was very tavernlike, the food was tavernlike, and the service was, well, tavernlike. The question is what is tavernlike and I suppose you must experience a tavern for that answer.		
3. desserts	0	processed, packaged, Good Humor	Save your money, go to the grocery store, all the desserts are there for 1/5 of the price.		
4. café	n/a		If the dessert is terrible, skip the coffee because exactly what is the point for coffee if not with or after dessert?		
<b>Atmosphere</b>					
1. clientele	3	upscale touristy (must be the name)	Lots of tourists though it seemed a bit ritsy. Prices dictated a relatively well heeled crowd.  Wouldn't suggest bringing a date here unless he/she happens to want to experience the saddle stools.		
2. decor	3	saddle-seat bar stools!			
3. music	n/a				
4. lighting	3	normal, tavern-like			
5. romance factor	2	rustic in a summer camp sort of way
